

mexec jobstrategy™

A 1:1 coaching program to support you in your job search

Having a well-developed job search strategy can make the difference between getting a job offer or not. It can help to unlock your full potential, gain advantage over other candidates and help you secure your next role.

- What is your strategy for job searching?
- What are your career goals?
- Do you have a networking strategy?

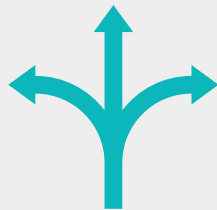

Through personalised coaching, mexec careers provides you with the tools to refine your job search strategy and supports you with a plan to go forward with your own effective job search.

jobstrategy™ program

GOALS

Tailored discussion on where you are and where you want to be

OPPORTUNITIES

Where you can go to find the opportunities

NETWORKING

Tips on how you can find the hidden market roles that don't get advertised

CV

Expert guidance for you to develop a strong CV, helping to open the door to interview

About our mexec jobstrategy™ coaches

Sue Forrest

Sue has over 35 years of experience in the medical and scientific sectors in research, commercial and not for profit entities.

An experienced senior executive manager in roles including CEO, Director of Research and Career Advisor, Sue has a passion for mentoring and developing staff both within her own team and across an organisation.

Throughout her career Sue has been actively sought after to be an advisor and mentor to numerous executives, post docs, PhD students and colleagues in the science industry and academic sector, ensuring they had a broad view of career options and the doors that were open to them.

Sue is now available for our 1:1 jobstrategy™ meetings, and as an advisor for all levels of candidates seeking support and mentorship.

Marilyn Jones

Marilyn is an Executive Recruiter and Scientist with over 22 years' experience in resourcing staff for companies and assisting individuals with their career aspirations.

Marilyn undertook research in cancer & immunology, leading to managing R&D projects for developing human therapeutics, wheat identification and infectious disease testing.

After a period of selling complex scientific instrumentation systems into the Pharmaceutical, Research, Pathology, Analytical and Manufacturing sectors, Marilyn made the fortuitous move into Recruitment, where she has now been for over 20 years.

With a focus on looking after the individual, mexec careers works with candidates to find their next career opportunity and partners with start ups to multinationals to recruit from graduate to board level.
